FOR U. S. SENATOR

Those who know Walter S. Dickey know that he is, first of all, a patriot and after that a Republican whose devotion to his party is based on his conviction that it stands for what is best in Nation and State and who is therefore incapable of being swayed from party loyalty by any consideration of merely personal ambition or aggrandizement, either for himself or anybody else. That's the sort of Republican Walter S. Dickey has always been. He gave the party more than thirty years of unselfish and forceful service before he became a candidate for favors at its hands. Mr. Dickey is a candidate for the nomination for United States Senator because assurances have come to him from all parts of the state that his nomination will strengthen the ticket and help to guarantee its victory. He considers that no man ought to be nominated for any office unless he is the strongest man that can be chosen for that place, because he regards Republican victory this year of more importance than any man's personal ambition.

Civic Pride

A community without civic pride is a dead and unsightly place, where its people exist without the real pleasures of life. Civic Pride promotes cleanliness, safety, comfort and beauty, all of which can be secured without great wealth and which make for the real joys of life. Civic pride is what makes Jasper and surrounding country a good community to live in, provides churches, good schools, good roads and happy homes.

**CIVIC PRIDE IS BEHIND THE
Clean Up and Paint Up Campaign**

This Bank is in every sense a home institution and because of that fact we thoroughly believe in this movement and hereby register our approval of it.
